The Serama Tabletop Show is a separate show than the MEGA SHOW and has different coop-out times & rules. Seramas which are double entered (in-cage & tabletop) will abide by MegaShow rules for coop out. Please show respect to those exhibitors receiving awards. This should also help minimize the loss of any birds due to theft. If there should be an incidence of theft, the show management will commence lock-down and inspection measures to locate said bird. Please know that we value all our exhibitors and want everyone to have an enjoyable experience at this show. We feel that this rule is in the best interest of our exhibitors. For inclement weather with long travel distances, special arrangements can be made. Thank you for your cooperation.

We will have NPIP Certified Testers at the show who can test your birds BEFORE they are cooped in. The charge is **\$1.50 per bird, cash only**. No Cooping In Until Testing Is Complete!

The MEGA SHOW was a concept thought up by us years ago in which we would develop a show which was more than simply a poultry show but rather an event.

The first show that I conducted was in 1972 in Norman, OK. which had 1,200 entries. I was fresh out of high school and had just gotten my APA Judges License and was full blown into poultry, all aspects of poultry from breeding, showing, judging, and promoting. I began my poultry adventure in High School back in 1965-1966. Yes, I started with those famous Murry McMurry Hatchery Chicks that everyone back then started with. But I found that although some of the chicks were not show quality birds that many displayed the defects that the APA Standard pointed out. After ordering nearly 10 sets of these 100 packs of assorted chicks I learned a great deal, about good birds, bad birds, defects and disqualifications. All the old timers probably remember the posters the hatchery gave out which had all the fantastic pictures of all the grand birds we have/had. After being injured at work and out of work for over a year I decided to get my APA Judges License at the ripe old age of 19. But I first became a lifetime member of the APA to assure that I would never lose that honor of being a judge. I attended many shows and had many great mentors along the way—breeders like Hi Patton of KS, Leo Bowers of Stillwater, OK, A.J. Lance of Alex, OK, Ken Poynor of Norman, OK, etc. After studying for well over a year I decided to take my test in Hutchinson, KS at the APA Nationals (I believe) under the legendary Hi Patton. I passed. Did very well in fact. Mr. Patton taught me the most important thing I have ever learned as a judge: never go to a show to judge without your Standard in hand. When I questioned him on this he plainly stated, “Boy, do you ever see a preacher go into church without his Bible?” Point well taken. My judges Number is 1009. There are only a handful of judges still around with a lower license number than I have. I do not know whether this is good or bad. I was the youngest person to ever get a judge’s card at the time. (Smiling now)

After taking off for college and moving to town I gave all my birds to Eugene Murnan as I could not care for them once I started college. So, I lost contact with many people in the poultry world.

Fast forward 30+ years to 2014. I decided to take my son to our local country fair when I ran across longtime friend John McDaniel. John and I used to show against each other in both crops, swine, and cattle. The fair was in bad shape the first time I attended after the break. John asked me if I would help them get their show up to snuff. At first, I said NO but then agreed to “help” them. Poultry is like a virus, once you get the fever you are consumed by it. It wasn't long before I asked if we could start a club, then a show, then a bigger show and finally a MEGA SHOW. You see, I don't believe in doing anything small or doing something just to go along to get along. I strive for the BEST, always have. But the Poultry world had changed from what it used to be back in the 60's and 70's. I suppose the whole world has changed including attitudes, ideas, actions, etc.

Once I started conducting shows I learned that the poultry show world that I once knew no longer existed, at least in the way I remembered it. It seemed to me that things like kids and families being involved, having fun and enjoying the poultry fancy were virtually non-existent. Everything and everyone seemed to be so competitive, and shows were more like professional wrestling matches. It seemed to me people were more involved in showing up, showing, and leaving than they were in having a great time building memories, enjoying themselves and spreading knowledge. I did not like this change. I decided early on that I wanted to build a show where I could personally meet and greet the exhibitors, get to know them and their families and what they do, what they raise and what their likes and dislikes are in the poultry world. To this day I enjoy meeting the exhibitors and providing a show they can enjoy along with their husbands, wives, and family. AKA, an EVENT!

Fast forward a few years to the present. The MEGA SHOW. An Event!

My concept of the MEGA SHOW was one in which I wanted to emphasize the importance of our youth and their education, involvement, and participation in our shows. Yes, the future of the fancy is in the hands of our youth but what many forget is that if our youth are not properly groomed and educated and respectful of those who came before them our fancy will slowly disappear. They must also realize that this fancy is not a sport of physical contact but rather an opportunity to learn the true beauty of the birds, the people and the atmosphere of a family friendly poultry show and environment. Too many people who are involved in poultry and our shows today are in this for themselves and they think of themselves first and foremost. These are traits that are quickly learned by our youth. I teach the kids who come through our Junior Poultry Club what respect is and how to say, "Thank You." When people ask me what is wrong with the youth of today, I simply say, "They are a product of their environment." In other words, we WILL reap what we sow. If we want respect, we must show it to others. Someone is always watching us especially our youth.

The MEGA Show is an opportunity for all exhibitors, adult and junior, to attend a show where they are respected, treated fairly & squarely and where they can enjoy themselves and their families can be treated the same. At the same time, they can show with and against some of the very best SOP Poultry in the country, learn from legendary breeders and exhibitors, learn, have an enjoyable time, make new quality friends, and experience a poultry show that simply is not just another chicken show. This theme may or may not interest some people and that is fine. I love reading about all the great shows of the past including the mind-boggling shows at Madison Square Garden and the other legendary shows of the past.

The past year has been a real challenge to all poultry breeders and exhibitors and our shows were no exception. My fear now is that we'll lose several of our old time shows and the people who have conducted these shows as many promoters are getting up in our years. This is another reason we need to train and teach our younger people the basics of conducting shows and thinking about the fancy. We lost nearly 20% of our entries in recent shows because of Covid 19. It was just by the grace of God that we were able to conduct all our shows but through the use of education, safety and prevention we were successful in conducting our shows including a modern-day record for our MiniMega in Hutchinson, KS. and approximately 3,000 entries in the Mega Show in November, 2020.

We believe the MEGA SHOW offers the best combination of Premiums, Awards, Judges, Events, Atmosphere, Fellowship and Fun Times. The MEGA Show is a combination of the past and the future of the fancy. Many people love this concept and others will slowly follow while kicking and screaming. But the MEGA SHOW will always be a refuge for those who want more than just a simple "poultry show."
